The latest generation air moulding process, as used for Maya, allows perfect control for the channel draining and the wall thickness. In designing Maya, the designers developed a formally characterized shape yet suitable for different ambiances - contemporary, classic, informal or elegant - where it easily settles in, thanks to a colour range including brights as well as neutral tones. For indoor and outdoor use.

A photograph of an outdoor patio area. In the foreground, several modern armchairs with white and black frames are arranged on a light-colored wooden deck. The chairs have a simple, curved design. In the background, there is a paved area with more chairs, a large tree on the left, and a dense hedge on the right. The sky is blue with some clouds. The word "index" is written in a large, white, sans-serif font in the upper right corner of the image.
